

CONEMAUGH SCHOOL OF RADIOLOGIC TECHNOLOGY
STUDENT RIGHT TO KNOW

Track Record Disclosure Form

Conemaugh School of Radiologic Technology program is eligible for TITLE IV student assistance programs. In order to maintain eligibility, we comply with the United States Department of Education regulations concerning disclosure requirements. These requirements state that prior to a student's enrollment in a program, the institution may provide the prospective student statistics on completion rates of students in the program, pass rates of graduates on the certification exam, job placement rates of graduates and any other pertinent information necessary to substantiate claims made by an institution regarding its program of study. To help you make a good decision about whether to enroll in Conemaugh School of Radiologic Technology, you should be aware of the following information regarding this school. All numerical data is based on current statistics.

- I. **85% or 11 of 13** radiologic technology students enrolled in this program completed the program and graduated in **2022**.
- II. Graduate surveys were mailed to the most recent graduates in Spring of 2022 for Class of 2021 (**Graduate Survey**). Input from this survey is used to update the school's employment data. 1 of 9 surveys were returned. 100% of the surveys that were returned said that they would recommend Conemaugh's School of Radiologic Technology educational program. The program is looking to improve their methods.
- III. 5 year-average credentialing examination pass rate – **80%** (2018 – 2022)
5 year-average job placement rate – **100%** (2018 – 2022)
(Graduates employed after graduation that were actively seeking employment.)
- IV. In our locality, the starting hourly wage for graduated technologists in this field is between **\$20.00 - \$24.00**. Nationally, the average wage was around **\$31.88**.
- V. All graduates of the school are eligible to take the National Registry Examination given by the American Registry of Radiologic Technologists. All individuals must pass this examination in order to perform radiologic procedures on a routine basis as a registered radiographer.
- VI. The program does meet the requirements established for state licensure within the state of Pennsylvania.

A copy of Campus Security Statistics is available upon request. This information is provided at orientation. For additional information or clarification of school statistics or outcomes, contact the Director of the School of Radiologic Technology at (814)534-9582.

I have read and understand the information provided in accordance with the Student Right To Know Act.
