

Been Vaccinated?

Even after becoming a #VaccineHero, you should continue taking the following actions to help protect those around you until the vaccine becomes more widely available to all. Please visit our website for more COVID-19 vaccine information.

WASH YOUR HANDS

20 Seconds Minimum

Wash your hands frequently with soap and water for at least 20 seconds. If soap and water are unavailable, clean your hands with an alcohol-based sanitizer that contains at least 60% alcohol.

PRACTICE SOCIAL DISTANCING

6 Feet Minimum

Stay a safe distance – at least 6 feet apart – from others not in your household in both indoor and outdoor spaces. Six feet apart is about two arms' length.

WEAR FACE MASKS

For Everyone's Protection

Wear a face mask or cloth face covering that covers your nose and mouth in public spaces, even if you don't feel sick. Face masks and cloth face coverings can help protect others and prevent both asymptomatic and symptomatic spread of respiratory illnesses like COVID-19.

Thank you for your support in fighting the COVID-19 pandemic and Making Communities Healthier!
