Conemaugh Meyersdale Medical Center is proud to be a part of Meyersdale and the surrounding area. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for health care, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— Heather Smith, CEO, Conemaugh Meyersdale Medical Center

In 2018, we...

- added 13 employed and affiliated providers
- made more than $400,000 in capital improvements
- distributed a payroll of $6,016,254 to 123 employees
- donated more than $130,000 in services to those in need
- paid $212,142 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. Last year, we partnered with our health system to give our community access to providers in several specialties, including emergency and internal medicines, vascular surgery, diagnostic radiology and pathology.

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s health care needs. Last year’s investments included a new DEXA scanner.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Charity and other uncompensated care includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to subsidiaries of LifePoint Health, Inc.

Duke LifePoint Healthcare, a joint venture of Duke University Health System, Inc. and LifePoint Health®, was established to build a dynamic network of hospitals and health care providers. The joint venture, which brings together LifePoint's experience in community-based hospital management and Duke's world-renowned leadership in patient safety and clinical quality systems, is strengthening and improving health care delivery by providing community hospitals the clinical, quality and operational resources they need to grow and prosper.
