Our role as a leading provider of health care and economic support for our neighbors is driven by our mission of Making Communities Healthier®. We are privileged to call this vital community home and proud to be part of a national diversified health care delivery network that allows us to continue to enhance how we care for those we serve.

The support of Duke LifePoint Healthcare and community partners like you help us to advance our mission and create places where people choose to come for health care, physicians want to practice and employees want to work. Thank you.

— Bill Caldwell, Market President and CEO

In 2021, we...

...added 74 employed and affiliated providers

...made more than \$42.5 million in capital improvements

...distributed a payroll of \$226,116,314 to more than 2,600 employees

...donated more than \$19 million in services to those in need

...paid \$32,302,520 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in OB/GYN, family practice, internal medicine, emergency care, cardiology, wound care, ENT, neurosurgery, pain management, orthopedics, general surgery, bariatrics, radiology and more.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's health care needs. This year's investments included two 3D mammography systems, a mini C-arm, and a mobile precision guided therapy system.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
