200 Hospital Drive, Meyersdale, Pennsylvania 15552 | 814.634.5911

Our role as a leading provider of health care and economic support for our neighbors is driven by our mission of Making Communities Healthier®. We are privileged to call this vital community home and proud to be part of a national diversified health care delivery network that allows us to continue to enhance how we care for those we serve.

The support of Duke LifePoint Healthcare and community partners like you help us to advance our mission and create places where people choose to come for health care, physicians want to practice and employees want to work. Thank you.

— H. Alan Watson, FACHE, Interim CEO

In 2021, we...

...added 39 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we partnered with our health system to give our community access to providers in family medicine, emergency care and diagnostic radiology.

...made more than \$1.2 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's health care needs. This year's investments included new gynecology instruments, cysto lenses and equipment, and scopes and trays.

...distributed a payroll of \$6,652,157 to approximately 110 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$830,000 in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$578,436 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
