

Conemaugh Meyersdale Medical Center is driven by our mission of *making communities healthier*.[®] We are dedicated to providing high-quality care close to home and investing in our region's overall well-being. Our teams are committed to embodying our core values and improving the health of all those we serve. We feel privileged to be part of this community, and we take seriously the role we play in providing compassionate, accessible care to patients and their families.

With the support of Duke LifePoint Healthcare and community partners like you, we continue to advance our mission and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. We look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.
