Sports Medicine Fellowship

Joint Program of the University Orthopedics
Center and Conemaugh Health System

The Fellowship provides a curriculum covering all aspects of primary care sports medicine including:

- Direct interaction with faculty in the clinic, training room, operating room, and sporting events
- Highly trained faculty in a wide range of sports medicine subspecialty fields, both surgical and non-surgical
- Office-based practice experience
- Pre-participation physicals
- Experience treating professional, collegiate, and high school athletes
- Opportunity to work with "weekend warriors" and general patients with a variety of musculoskeletal complaints

Team Coverage

- Altoona Curve (Pittsburgh Pirates' AA Affiliate)
- Saint Francis University
- Mount Aloysius College
- Penn State Altoona
- Juniata College
- Bishop Guilfoyle Catholic High School
- Hollidaysburg Area School District
- Tyrone High School
- St. Joseph's Catholic Academy
- Penns Valley Area School District
- State College Area School District
- Mifflin County High School

Sports Medicine Fellowship Goals

- Produce quality, competent, caring, physicians ready to enter the sports medicine world with knowledge and skill
- Provide the fellow with educational support from physicians, administration, and allied health professionals
- Prepare the fellow to practice primary care sports medicine and successfully pass the CAQ in sports medicine

On-site training with the latest technology including:

- Ultrasound/X-ray/MRI
- Neuropsychological testing for concussion management
- Compartment pressure testing
- Durable medical equipment
- Injections
- Ultrasound guided injections

The Sports Medicine Fellowship is fully accredited through the ACGME and participates in the NRMP match.

Our physicians and specialists also support several local, state, regional, and national athletic events.
