EMT REFRESHER 2021

This refresher course will follow the 2016 NREMT NCCP recertification process. This course is open to all certified EMS clinicians or those who need to seek remedial education.

This in Person or VILT (Virtual Instructor Lead Training) style class follows the 2016 NREMT National Continued Competency Program (NCCP). Students receive Continuing Education Credits for the sessions attended. There is a separate optional 4 hour in person skills session which verifies the necessary skills of an EMT according to the NCCP outline. This course is for those with State and/or NREMT EMT Certification and may be used for remedial education.

Pre-registration is required.
